

SECURE SITE ACCOMMODATION AND STORAGE CONTAINERS

mobile mini
THE STORAGE AND OFFICE SOLUTION SPECIALISTS™

WHO ARE WE?

For over 40 years, Mobile Mini has been providing secure portable accommodation and storage solutions to meet your needs, through our hire fleet of storage containers and portable accommodation units.

Our units are delivered directly to you, via our network of branch locations across the UK, the US and Canada.

In the UK, we have a national network of 16 branches with over 36,000 units in our fleet, which hire site accommodation and secure storage facilities to around 11,300 customers including construction companies, retailers, manufacturers, hospitals, schools, utility companies, distributors, local and national government, hotels, restaurants, entertainment, shopping complexes and individual households.

WHAT DO WE DO?

Whether you are in need of additional storage space or portable accommodation on site, Mobile Mini can help.

Mobile Mini provide site accommodation and storage solutions across a wealth of industries. But don't just take our word for it...

SECURE STORAGE

Pets at Home

Mobile Mini supply Pets at Home with containers of various sizes for their stores nationwide, providing additional storage space for their product ranges and helping them to meet customer demand.

Our dedicated National Accounts Team provides Pets at Home with a single point of contact ensuring we can meet their needs, quickly and easily.

Andrea Trelfa at Pets at Home is impressed with the personal service she receives and said:

"I can't thank you enough for all the effort you have put in helping with the containers, particularly over our busiest times such as Christmas. The help and support you provide me allows for our operations to run smoothly. It really is appreciated".

SITE ACCOMMODATION

Bouygues Energies & Services

Mobile Mini has a long-standing history within the construction sector. Due to the expertise and capacity of our team, we are able to handle the most complex of installations from start to finish.

Bouygues Energies & Services required a large, triple stacked, welfare facility for use by their employees during the construction of a waste to energy gasification plant.

The installation was planned in advance by our fully qualified health and safety and national accounts teams and the site thoroughly assessed before delivery, to ensure a safe and efficient installation. Working closely with the customer, a detailed risk assessment and lifting plan was developed - not a straight forward job given the proximity of overhead power lines.

Our dedicated team, including our Drivers, Lifting Operations Manager and National Account Manager were there on the day of delivery, to ensure that all ran smoothly. Despite the complexity of the installation, the site was complete within two days.

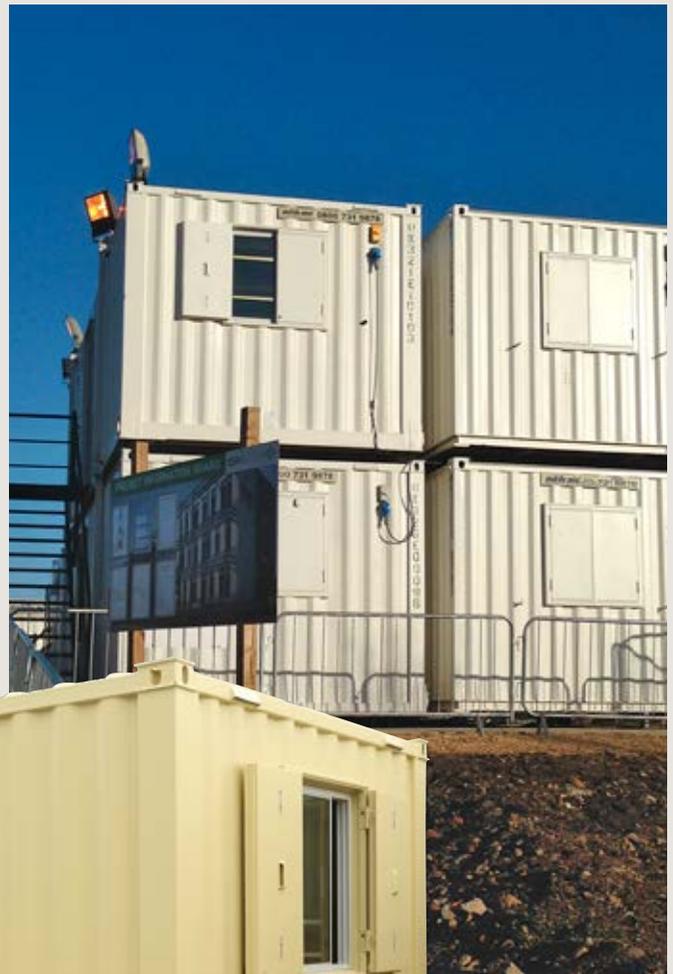

SECURE SITE ACCOMMODATION

If you are in need of Site Accommodation facilities, Mobile Mini offers the perfect solution.

Our secure and portable units offer on-site facilities, from offices and canteens, to drying rooms and toilets and come in a variety of sizes and layouts, to serve all your requirements.

- Full steel, anti-vandal construction ensuring safety and security
- Open plan or combination units available to meet your needs
- Offices fitted internally to suit your specific requirements
- Fully insulated with heavy duty vinyl floor covering
- Lighting and electrics provided
- Vertical sliding windows and lockable steel window shutters
- Heavyweight doors and an advanced 10 point locking system
- Available in various lengths; 10ft, 16ft, 20ft, 24ft and 32ft
- 24ft and 32ft portable offices come with jacklegs, enabling stacking and better stability on uneven or sloping ground
- Fast, easy and reliable delivery

OFFICES

Our Portable Offices provide the ideal space and comfort needed for your workforce and can be modified for a variety of uses, to meet your office, storage, canteen and drying room needs. Units can be linked together or stacked, with staircases and access platforms fitted, offering you even further versatility.

CANTEENS

Our Canteen Units have all the features and benefits of our office units but with the provision of a water heater, sink, cupboard and work surface.

Canteens units can also be modified to include an office, drying room or toilets, in order to suit your specific requirements.

DRYING ROOMS

Drying Room units are fitted with benches, coat hooks and heaters, providing your workforce with secure and comfortable changing rooms.

COMBI 50/50 UNITS

If you're struggling for space on your site our combi units could be the solution. These versatile units combine a 10ft storage container with a 10ft office, canteen or drying room all in one unit.

PORTABLE TOILETS AND SHOWERS

Whether you're looking to replace conventional toilets with a temporary solution during refurbishment, or need facilities during a construction project on-site, our portable toilet units are best-placed to suit your needs.

Offering a wide range of units in a variety of sizes and configurations, our toilet blocks can be complemented with showers and changing rooms.

- Connected to mains waste drainage or supplied with a separate waste holding tank
- All units are fitted with sinks to allow hand and full arm washing
- Fitted with anti-frost heating, lighting and water heaters
- Weekly (or on request) effluent removal available
- Portable chemical toilets available (with weekly cleaning service)

STATIC WELFARE UNITS

Our versatile, portable Welfare Units are purpose-built for remote locations or sites without any electricity or water connections.

These secure units are completely self-contained and designed to fulfil the welfare needs of staff for the duration of a project whilst complying with today's health and safety legislation.

- 20ft x 9ft steel includes canteen facilities, toilet, drying room and integral water and waste tanks
- 26ft x 10ft unit comes with all of the above, with the addition of an office
- Supplied with noise-reduced diesel generator
- Doors fitted with anti-vandal 10 point locking system

ELITE UNITS

Our energy efficient Elite range of accommodation units offer a number of additional features that can help reduce your energy bills and carbon footprint, such as:

- Double glazed windows
- Timed heaters
- Door closers
- PIR and LED lighting
- Additional insulation

Elite toilet and welfare units also come with:

- Non concussive, aerator taps
- Dual flush systems
- Independent push control for urinals
- Optional waterless systems to save water

Elite drying rooms:

- Fitted with efficient dehumidifiers meaning a 30% improvement in drying capability and lower energy usage

GROUNDHOG MOBILE WELFARE UNITS

Our top of the range, towable Groundhog Mobile Welfare Units are cost-effective, environmentally efficient and easy to use.

Like our static welfare units, these secure units are completely self-contained and purpose-built for sites without water or electricity connections. The market leading Groundhog units come at a very high standard.

- Suitable for accommodating 6 people
- Provides pleasant working environment including toilet area, warm room/generator area and canteen area, with seating, sink, microwave, kettle and heating system
- Easily towed, one man operation to secure and manoeuvre on site
- Ground lowering for security
- High security doors and windows
- 12 Volt technology delivering reduced fuel usage, 60% reduction in generator servicing and longer generator life
- Low noise pollution
- LED lighting
- EPC C rated

SECURE STORAGE CONTAINERS

Our secure Storage Containers are excellent value for money for all your storage requirements. Whether you're looking to store excess stock, tools, equipment or archived files, Mobile Mini has the right solution for you.

Our wide range of secure, steel containers come in variety of sizes and are available to hire.

Our Storage Containers are 8' wide and 8'6 high and are available in various lengths; 10ft, 20ft, 24ft, 30ft and 40ft, to best suit your requirements.

- Full steel, anti-vandal construction, ensuring safety and security
- Unique Tri-Cam locking system and ContainerGuard Lock with majority of our storage containers for security and peace of mind
- Weatherproof to protect your goods in storage
- Easy-opening cargo doors
- Hardwood flooring for safety and stability
- Fast, easy and reliable delivery

Optional Extras

We also offer the following optional extras to make your storage container even easier to use:

- Ramps to ease access
- Racking or shelving to provide more usable space
- Lighting, heating and power points can be installed

SELF STORAGE

A number of our nationwide branches offer self storage facilities on-site, for either long or short term hire periods at very competitive rates, enabling you to store your things securely without having to lose valuable space.

- Standard self storage units are 8' wide and are available in 20' lengths
- Weekly contracts available at competitive rates
- Security systems installed on-site, safe-guarding your belongings
- Parking directly outside storage units to make loading and unloading easy
- Business hours access

SAFETY

WE ALWAYS PUT SAFETY FIRST

You can be sure that safety is our top priority. We are 100% committed to the health and safety of our customers, employees and members of the public.

The key to our success is our dedication to an accident-free environment. We pride ourselves on exceeding all industry standards and we partner with the leading health and safety organisations to deliver best practice within the industry.

TRANSPORTATION

Your delivery and collection will be worry and hassle free

Hassle-free delivery and collection is an important part of our service. We will arrange a convenient delivery/collection time with you and will call you prior to arriving on-site.

Our guaranteed delivery promise means that we will always confirm an AM or PM delivery. If we do not deliver as promised we'll give you £100 off your next delivery.

Our own fleet of lorry mounted loader crane vehicles, is one of the largest in the industry and all our drivers are fully trained and certified in accordance with all current health and safety legislation and the relevant British Standards.

MAKING IT EASY!

Our promise to you, our customer,
is to make it easy for you at every step.

By never compromising on safety. Throughout all of our operations, safety is our absolute priority and we put this first in everything we do.

By supplying you with a solution that meets your needs. We will clearly explain the features of our products to you and our prices will be fair and honest. Our products will be clean, well-maintained and fit for purpose.

By offering a personal and accessible service. We will be easy to contact and respond to you quickly. Our friendly and helpful employees are good listeners, our language is plain and clear and our behaviour professional and courteous.

By listening, understanding and putting things right immediately and without fuss if things don't go to plan. Our employees will see things from your point of view and are empowered to do whatever is needed to resolve any problems quickly and simply.
